Want a **NO OBLIGATION** fence quote from your mobile phone? No measuring necessary! Scan the code below and we'll get you a **FAST ESTIMATE!**

PROUDLY BUILDING  
WITH MATERIALS  
**MADE IN  
THE USA**

## PRESSURE-TREATED PINE FENCES

Our pressure-treated pine fencing is an economical wood fence option. We construct our pressure-treated fences using #1 Grade 4"x4"x8' treated pine posts, #1 Grade 2"x4"x8' treated rails and #1 Grade 1"x6"x6' treated pine dogear boards.

These fences are all stick-built to accommodate any grade and superior to any box store standard #2 Grade lumber.

This fence type is available in 4', 5' & 6' heights in Solid, Shadowbox and Spaced Picket styles.

## CEDAR WITH POSTMASTER+

Cedar fences with PostMaster+ is our most popular choice. Cedar has natural oils that help protect against mold and insects. PostMaster+ posts come with a limited lifetime warranty and do not warp, twist, or decay like wood posts.

These fences are all stick-built to accommodate any grade and far superior to pressure-treated pine option.

This fence type is available in 4', 5' & 6' heights in Solid, Shadowbox and Spaced Picket styles.

## STRONGER GATES

Our wood gates are designed to last. Built out of 1½" galvanized sq steel frames to keep the gates square and hinged on 4" 11 gauge galvanized sq steel posts to support the weight for decades to come. Using Nationwide black stainless-steel adjustable hardware.

## STRONGER HARDWARE

We only build with the best hinge and latch hardware from Nationwide. Most of the hardware comes with a 1 Million Cycle Warranty from Nationwide so you get highest performance.

# PROTECT YOUR INVESTMENT

Using oil-based stains to penetrate wood. Sealing it from water, mildew, and sun damage. Available in multiple colors and is a great way to protect your investment!

## WHO WE ARE

I created Veterans Fence with the idea that the fence industry can be so much more. It can provide better communication and a more hands-on experience with all customers. All with the goal to make sure every customer is completely satisfied with their purchase.

It may be replacing an old fence for some much-needed privacy, containing a dog, or protecting your children. Each project is unique to what your yard may need. After 15 years of fence management, sales, and installation experience, my goal is to share my knowledge with you and help serve your needs. Proud to serve is not just a slogan at Veterans Fence, it's the pride my entire crew has at each job. It's a promise to treat each yard as our own and we look forward to working with you.
